OF EMERGENCY SERVICES

# California OES Weekly Weather Threat Briefing

November 10, 2017  
3:00 PM PDT

Day 1: Short break in weather systems. No significant weather or water impacts expected at this time.

National Weather Service  
Western Region Headquarters  
Regional Operations Center  
Salt Lake City, UT

Prepared by: Leslie Waite-Smith  
801-524-7907

# Key Points

11/11 – 11/18

## Saturday

- Short break in weather system expected with no new impacts anticipated at this time

## Sunday-Monday

- Another round of valley rain and high elevation snow possible
- This system is expected to be similar to the Thu-Fri system
- *There is a very small chance of thunderstorms Monday for the North Bay area, including Sonoma, Lake, Napa, and Mendocino Counties.*

## Tuesday

- Short break in weather system expected with no new impacts anticipated at this time

## Wednesday-Saturday

- Valley rain, mountain snow and gusty winds will again be possible across northern and central CA...this system may impact areas farther south than previous storms this week.
